October 29, 2024

The Challenges of LTC need a societal approach (WHO, 2018)

Monitor zorgzame gemeenschappen 2020

Een groeiende beweging van bewonersinitiatieven in welzijn, wonen en zorg

2020 ingevuld door 323 initiatieven. Het onderzoek is een samenwerking van Nederland Zorgt Voor Eikaar, Viians en Movisie met financiële ondersteuning van het ministerie van Voiksgezondheld, Weizijn en Sport.

Caring communities in the Netherlands

Housing and dementia

Housing: 'Hofjes' for older people

Cohousing

Precaution circles

Slow lane and chat corners in supermarkets

Care farms

Alzheimer Café

Technology

How to achieve this?

- It is all about solidarity:
 - Between young and old and old and young
 - Within older age groups
 - Within local communities
 - Involving informal, public, private stakeholders
- At many spots and multiple small scales
- Supportive governance
- Older people as a resource
